Plants

OUR plants are grown in the open field and hardened through frost and freezing weather, and will mature four weeks earlier than home grown or hot bed plants. After going through this frost and freezing weather they have been known to survive 10 above zero without injury to the plants!

THE JEFFERSON FARMS
ALBANY, GEORGIA

To our Friends, our Customers:

Albany, Ga., January 2, 1929.

Dear Folks:

It is a pleasure to send to you our 1929 price list of vegetable plants, and with it goes our appreciation for the patronage you have given in the past.

The success of a plant business depends entirely on gaining and keeping the confidence of its customers. To accomplish this, it is necessary to always give the customer full value for his money; dependable plants that are grown by reliable growers, which is the best assurance the planter can get for bigger and better crops. The customer must be given prompt service on his orders whether they are for fifty cents or several dollars.

Now folks, we do not claim to be the cheapest plant farm in America, but when it comes to high quality plants that is where we excel. Cheap plants or seed are the most expensive thing a man can buy. It is not the loss of the money you pay for the plants, but the loss of labor and time getting the land in shape, setting out the plants and then failing to make a crop. We buy our seed year after year from a reliable seed grower who is rated more than a million dollars.

We have our shipping department organized so as to make prompt shipment of all orders, and above all things we are going to stress **QUALITY PLANTS**, and quick shipment such as you have not had before from any plant concern.

You may send us your order with the distinct understanding that you will get prompt service and a strictly square deal. Your order will be shipped immediately unless delayed by weather conditions over which we have no control.

Another thing we expect to ship all plants this season in wooden boxes, whether shipped by mail or express, and you will receive your plants in a much better condition. The plants will be tied 50 to the bundle, with varieties plainly marked.

We will be mighty glad to have your orders and you may rest assured that they will be given personal attention.

(Signed) W. F. JEFFERSON
General Manager

Write us for prices on our genuine half and half cotton seed and selected ninety day velvet beans

Charleston Wakefield

Many market gardeners consider this the best cabbage in cultivation. Its merits are many, among which are large heads for an early variety, small outside foliage, and uniformity of crop. The heads are medium size, cone shaped, and are white, solid and tender.

Early Jersey Wakefield

Early Jersey Wakefield

Large Flat Dutch

This variety needs no recommendation, as it is one of the oldest in cultivation. Exceedingly valuable for its quality, and for its ability to resist heat. Heads very solid, round, flattened on top, tender and fine grained.

Early Flat Dutch

The Earliest of the flat head varieties. A sure header, and a very hardy grower, both in cold and hot weather. This variety is grown extensively in the South and gives universal satisfaction. We strongly recommend this variety.

Henderson's Succession

Henderson's Succession

Copenhagen Market

The heads of this variety are exceptionally large for an early variety. Growth is vigorous with solid compact heads with few outer leaves. About as early as Early Jersey Wakefield.

White Bermuda Onion Plants

White Bermuda Onions are noted for their earliness, heavy yields and mildness of flavor. We plant our seed in October, and the plants takes on root growth during the winter months, and will grow very fast when put out in the Spring and we strongly recommend them for the more Northern Sections of the South where it gets too cold for this variety to live during the winter. Prices: Same as for cabbage plants.

Porto Rico Yam Sweet Potato Plants

This variety is by far the best and most profitable sweet potato grown. A very heavy yielder, requiring less cultivation due to rapid growth and dense foliage which shades the ground. We grow no other variety so you can rest assured that you get a pure strain from our farms.

Orders must be placed far in advance as we only bed sufficient seed to insure the number of plants for which we have orders. Shipment after April 1st. Prices: 500, \$1.75; 1000, \$2.50 Postpaid. By Express or parcel post collect 1000, \$2.00; 4000 and over \$1.75 per thousand. Special price on large orders.

Cabbage and Onion Plants Ready for Immediate Delivery

Open Field Grown Tomato Plants

Grown from seed selected for big crops. Open field grown tomato plants are strong and hardy, short jointed and well rooted. We supply some of the largest canners, and commercial growers of tomatoes in the United States. Plants ready for shipment about April 1st. Book your order in advance if possible. Varieties: Earliana; Greater Baltimore; Stone; Livingstons globe and Chalks Early Jewel. Prices: 100, 50c; 500, \$1.50; 1000, \$2.50 Postpaid. By express 1000, \$1.75; 4000, and over \$1.50 per thousand.

An Additional Profit of \$150.00 an Acre

An acre of Cabbage

well taken care of in an ordinary season will produce 15,000 heads, or thirty thousand pounds of good, wholesome food for man or beast. If you can realize the small sum of one cent per head you would realize

\$150.00 an Acre

and at one cent per pound would sell for \$300. At the time this is written cabbage is selling for three and one-half cents per pound here wholesale. Ask your local grocer the market quotations on cabbage. You can follow this same acre of land with cotton, corn or potatoes and make a good crop without additional fertilizer.

OUR GUARANTEE—All plants are guaranteed to reach you in good condition. Should there be any damaged plants, select the good ones and notify us at once.

Our Prices on Cabbage Plants

Parcel Post Shipments—Charges Prepaid

100 for 40c.

500 for \$1.25.

1000 for \$2 25.

Express or Parcel Post—Buyer Paying Charges

500 for 65c. 1,000 to 4,000 at \$1.00 per thousand. 5,000 and over at 90c per thousand. All plants tied 50 to bundle and shipped in light crates. TERMS: Cash with order.

NON-WARRANTY—We send plants that to the best of our belief will give entire satisfaction. The best plants sometimes fail thru improper cultivation or weather conditions, therefore we give no warranty, expressed or implied and will not be responsible in any way for the crop.

WE ARE GROWERS—We operate three farms and grow our own plants. You are buying direct from a fellow farmer when you buy from us.
